Profile

Computer Science student at the American University of Sharjah with hands-on experience building full-stack web applications, AI-powered tools, and relational database systems. Proven academic excellence through Dean's List and Chancellor's List recognition. Demonstrated communication and technical mentorship as a Data Structures & Algorithms Grader.

Education

Bachelor of Science in Computer Science, American University of Sharjah

08/2023 – 07/2027 | Sharjah, United Arab Emirates

- Dean's List — Fall 2024, Spring 2025
- Chancellor's List — Spring 2025
- Relevant Coursework: Artificial Intelligence, Data Structures & Algorithms, Design & Analysis of Algorithms, Computer Networks, Operating Systems, Web Application Programming, Introduction to AI & Data Science

Projects

AI Chatbot, Conversational AI Assistant

04/2026

- Built an AI-powered chatbot using HTML, CSS, and JavaScript with a clean, responsive frontend interface
- Integrated REST APIs to enable real-time natural language understanding and response generation
- Designed and implemented the full conversation flow and user interface from scratch

AUS Sports Hub, HTML, CSS, JavaScript, Java, MySQL

08/2025 – 12/2025

- Built a university sports platform allowing students to book courts, register for matches, and browse upcoming events
- Contributed across frontend, backend, and database design as a full-stack team member
- Designed relational database schema to handle user bookings, event scheduling, and court availability

Professional Experience

Grader — Data Structures & Algorithms Lab, American University of Sharjah

09/2025 – Present

- Evaluated and graded assignments for 3 course sections (45+ students), ensuring accuracy and consistency
- Provided constructive feedback to support student learning in core CS concepts

Residential Assistant, American University of Sharjah

01/2025 – Present

- Supported wellbeing and enforced community policies for 30+ residents
- Planned and facilitated 10+ student engagement events and served as primary point of contact for resident concerns and conflict resolution

IT Intern, Petroleum Marine Services

06/2026 – 08/2026 | Cairo, Egypt

- Developed and tested internal systems using Laravel, PHP, React, and Linux.
- Assisted in automating employee attendance tracking and HR reporting.
- Gained experience with network configuration and data-center infrastructure.

Desk Assistant, American University of Sharjah

09/2024 – 12/2024

- Addressed resident concerns promptly and supported administrative tasks including mail, keys, and maintenance requests

Awards

3rd Place, Inter-University Biohackathon, IEEE EMBS Chapter at AUS & AIChE Chapter at AURAK

05/04/2026

- Designed OxySense, a smart wound patch combining oxygen delivery, real-time sensors, and wireless connectivity to accelerate healing in diabetic wounds
- Competed among 100 participants across 8 UAE universities over two intensive days

Residential Assistant of the Month, American University of Sharjah

01/2025

Certifications & Training

Build an AI Agent, IBM SkillsBuild

McKinsey.org Forward Program, McKinsey.org

Networking Academy Learn-A-Thon, Cisco

Research Study Design, CITI Program

Social and Behavioral Responsible Conduct of Research, CITI Program

Technology Transfer, CITI Program

Student Organisations

Web Development Club, Executive Assistant

01/2025 – Present

IEEE Student Chapter, PR Team

01/2025 – Present

MICROS Club, Activities Team

08/2024 – Present

TechShip Club, PR Coordinator

08/2024 – 08/2025

Volunteer Experience

Sharjah Entrepreneurship Festival

Assisted in organizing activities and guiding attendees

Hand in Hand Project

Renovated an orphan house by cleaning, painting, and restoring spaces

NGN 110 Competition

Supported participants and assisted judges with scoring and tabulation

Skills

Java, HTML, SQL, GIT, REST API, CSS, JavaScript, Python, C++, ASM, React, Node.js, CISCO Packet Tracer, Linux

Languages

English — Native/Bilingual

Arabic — Native/Bilingual
